

Sustainability Committee

To fulfill the company's commitment to sustainable development and improve the company's overall capacity in ESG risk management, Compal Electronics established a Sustainability Committee (the "Committee") with the approval of the board of directors in March 2022. Composed of three members appointed by the board of directors, more than half (two) of the members in the Committee are independent directors, and the general manager Chung-Pin Wong is elected by all Committee members as the chairperson. Holding at least one meeting a year, the Committee is responsible for taking point in explaining company policies and positions externally, defining goals and directions internally, integrating resources, reviewing action plans, monitoring execution progress, and reporting results to the board of directors.

Based on the three major aspects of environment, society, and governance ("ESG"), the Committee is composed of eight task forces, including "environmental sustainability", "innovation value", "responsible manufacturing", "employees and society", "supply chain management", "corporate governance", "information security", and "risk management". Composed of the heads of departments from business sectors across different regions, task forces are responsible for stipulating the operating guidelines, development tools, and workflow of each project, making annual plans through regular meetings, checking operational directions and execution progress, and reporting results to the Committee. Committed to promoting sustainable development strategies, Compal Electronics will continue to contribute to environmental protection and the low carbon economy transition.

■ Board of Directors' Supervision of the Sustainability Committee

In March 2022, the Board of Directors appointed three directors as members of the Sustainability Committee to manage sustainability issues, and the Sustainability Committee is required to report to the Board of Directors on a regular basis on the implementation of sustainability initiatives. In 2022, the Sustainability Committee held one meeting to report to the Board of Directors, the topics include (1) the implementation of sustainability goals and objectives in 2021, and (2) setting annual goals of 2022. The Board of Directors must evaluate the success of the strategies proposed by the Sustainability Committee, review their progress from time to time, and urge the Sustainability Committee to make adjustments as needed.
